

In the Specification:

The last paragraph bridging pages 3 and 4 has been amended as follows:

As shown in figure 2, the canale 10 has a base 11 with a base wall 12. A rectangular channel 13 is formed in the canale 10. A circular passage 14 (see figure 1) is formed in the canale 10 and extends from the channel 13 (see figure 1) and through the base 11. The canale 10 projects through a parapet P of a building having a roof R. The top of the canale 10 is shown flush with the upper surface of the roof with side walls 16 and 17 of the channel 13 extending downwardly with respect to the surface of the roof.
